SINCERE THANKS

To the electors,

Ladies and Gentlemen: -

Four years ago you did me the honour to elect me as your representative in the House of Commons. I said then that I was anxious to serve Brantford and should consider this duty a sacred trust. Immediately after my election I was offered a seat in the Senate, but I declined this personal honour and permanent position for the sake of serving the people of Brantford. I devoted my self to the best interests of the Community and people. No individual ever appealed to me in vain to take up any business with the Government.

In the interests of our manufacturess and people I voted against the Budget of 1924, In spite of this these same manufacturers not only opposed me but strongly influe need their men against my election,

The policy of my leader the Right Honourable W.L. Mackenzie King, was designed to benefit the whole Dominion. Its Country and employment for our people. It was designed in the interest of labourers and the consummer rather than the mono 1stic capitalist. I shall never regret that I staunchly upheld for the cause and in the interests of the common people.

I rejoice that I retain the confidence of many of my fellow citizens and wish heartily thank every one who expressed this confidence with his or her vote. I specially desire to convey my heartfelt gratitude to those ladies and gentle men who worked so so hard on my behalf. No candidate was ever supported by a more loyal band of workers and my feelings are expressed in the well known lines of Byron;/

> "Here's a sigh for those who love me And a smile for those who hate Whatever sky's above me, Here's a heart for every fate.

> > Yours faithfully,
