

996.75 – Grand Valley Metermen’s Collection

Collection Information – The collection was given to the Brant Historical Society on October 1, 1996 of records from a family member, Frank Dudley who had been actively involved with the Metermen’s Association. The collection is of documents from the late 1940s to the mid-1960s dealing with the Metermen. The collection has some rubber stamps, 3 ledgers, agendas, minutes, correspondence, receipts, and educational film catalogues. The collection was inventoried in May 2018 and organized into a system that several people had worked on in the past and many items has duplicate numbers. This was all addressed over the project to ensure a high level of consistency.
