PREFACE

In September, 1850, Mr. John Lovell of St. Nicholas Street, Montreal, commenced publishing the Canada Directory of subscribers, towns, and villages in British North America.

When the Directory was projected, it was intended that Villages having a population of less than four to five hundred, should not be included in its pages, and it was supposed that returns two hundred and fifty to three hundred places, at most, would be given. There were over over five hundred and fifty localities in the Directory.

In the course of his tour through the Province, while collecting the materials for the present work, the Editor, Robert W.S. MacKay, found that a very strong desire existed for "A General Gazeteer of the British North American Provinces" and many of the most influential gentlemen in every section of the Country that he visited, pledged him their co-operation and support in such an undertaking.

In this extraction, we have taken the place names and lists of professionals and trades of Brant County contained within the Canada Directory. Tuscarora Township, one of the six townships of Brant County, was not included in the Directory.

Place Names in Brant County

Reference: Lovell's "Canada Directory 1857-58 Gazeteer".

Branchton: post office village in Dumfries South Twp., Brant County

Brant: (1) a county, the seat of which is Brantford
