

Index for 948.7.10 – Glassco Ledger

NB: Numbers refer to folio numbers. Refer to Appendix A for the Folio number to File number Guide.

George Glassco is described in the 1901 Industrial Record on Page 18 as follows:

The Sign of the Polar Bear is the emblem that distinguishes the business of Mr. George Glassco, the fur manufacturer, who is located at 114 Colborne Street and conducts the establishment that was founded in 1849 by his fathers, Mr. Thomas Glassco, and which is one of the landmarks of the City of Brantford. Mr. Glassco was born in Toronto and is of English descent. His father was one of the Alderman of Brantford in the early days and filled the office of Tax Collector for over twenty years.

Mr. Glassco makes a specialty of fine sable furs, for which he has a high reputation throughout the country. He occupies a large store, 25 x 100 feet, and employs about eight skilled “hands” making up furs the year around. He buys beaver, bear, red and cross fox, lynx, mink, muskrat, otter, racoon, and skunk skins taken in all parts of Canada, for which he pays the highest market price. These he manufacture into fur garments I the most skillful and artistic manner.

Mr. Glassco’s trade extends to all parts of the Domini on. He sells to retailers and private customers, a great number of whom are resident of the United States. Everything that is sold in this way is manufactured specially by Mr. Glassco to meet the requirements of the trade, which amounts to many thousand dollars annually.

A Picture of Thomas (Other # 03868.01) and Margaret (Other # 03868.02) are part of the collections. There is a group photo of early Brantford resident that includes George (Other #00020). We also have George’s top hat (979.80.21).

This daybook listed Transactions from J. G. Glassco’s store from August 1877 – December 1878. There an numerous pages missing from the book so that about 40% of it remains. Sometimes it lists people by their account numbers. Other times, notation is vague as simply as Paid, Returned, Received, By Cash, and by Cheque are also noted.

To make this information easier to find, 1151 entries were entered into an Excel Spreadsheet and sorted to produce this finding aid. The names below are organized alphabetically by “last name, first name”, with their account number bolded, if known. This is followed by a list of folio numbers on which they are listed. Refer to the Folio Number and File Guide to determine how to find the digitized files.
